**If you could read my mind, you wouldn't be smiling- now a New York Times Bestseller!**

Samantha looks just like the rest of the popular girls, but she has a secret her friends would never understand: Purely-Obsessional OCD, and a stream of dark thoughts and worries that consume her. Sam meets Caroline, who introduces her to Poet's Corner, a hidden room claimed by a tight-knit group of misfits. Sam is drawn to them, especially a guitar-playing guy with a talent for verse. Slowly, she begins to feel more "normal" than she ever has...until she finds a new reason to question her sanity and all she holds dear.
