Tarzan of the Apes (REMASTERED)

Directed by

The beginning of the famous Tarzan series tells the story of a young child raised among apes!

Wealthy John and Alice Clayton sail to Africa with their young son, but, after a nasty mutiny, only the child survives. In the jungle, the boy is accepted by a motherly gorilla, who raises him as her own. Years later, a team sets out to locate the long-lost Clayton boy, only to find that he's now Tarzan, a savage who bears no traces of his upper-class origins. But, when natives attack the search party, it's the brutish Tarzan who must save them.
