**The true adventures of America's rugged and remarkable hero!**

This biopic portrays thrill-seeking writer Jack London and his travels in the late nineteenth and early twentieth century. His adventures took him through a myriad of predicaments, including a business venture as an oyster pirate, a prospector in the Klondike, homelessness, and a stint as a war reporter. Through his adventures, London witnessed first-hand what it was truly like to be a prisoner of war at the hands of imperial Japan.
